

Building a Model to Predict Tracheostomy in Neonates

Issues with Developing Predictive Model

- ▶ Choice of Outcome

Issues with Developing Predictive Model

- ▶ Choice of Outcome
- ▶ Variable Definitions

Issues with Developing Predictive Model

- ▶ Choice of Outcome
- ▶ Variable Definitions
- ▶ How to handle 36 and 44 week variables

Issues with Developing Predictive Model

- ▶ Choice of Outcome
- ▶ Variable Definitions
- ▶ How to handle 36 and 44 week variables
- ▶ How to Deal with Different Sites

Issues with Developing Predictive Model

- ▶ Choice of Outcome
- ▶ Variable Definitions
- ▶ How to handle 36 and 44 week variables
- ▶ How to Deal with Different Sites
- ▶ How to Select Variables to Model

Issues with Developing Predictive Model

- ▶ Choice of Outcome
- ▶ Variable Definitions
- ▶ How to handle 36 and 44 week variables
- ▶ How to Deal with Different Sites
- ▶ How to Select Variables to Model
- ▶ How to Handle Missing Data

Issues with Developing Predictive Model

- ▶ Choice of Outcome
- ▶ Variable Definitions
- ▶ How to handle 36 and 44 week variables
- ▶ How to Deal with Different Sites
- ▶ How to Select Variables to Model
- ▶ How to Handle Missing Data
- ▶ Interpreting Variables in Prediction Model

Issues with Developing Predictive Model

- ▶ Choice of Outcome
- ▶ Variable Definitions
- ▶ How to handle 36 and 44 week variables
- ▶ How to Deal with Different Sites
- ▶ How to Select Variables to Model
- ▶ How to Handle Missing Data
- ▶ Interpreting Variables in Prediction Model
- ▶ Generalizing Model to Other Environments

Steps in Developing Predictive Model

- ▶ Exploratory Analysis

Steps in Developing Predictive Model

- ▶ Exploratory Analysis
- ▶ Exploratory Analysis Including Missing Data

Steps in Developing Predictive Model

- ▶ Exploratory Analysis
- ▶ Exploratory Analysis Including Missing Data
- ▶ Missing Data Models + Variable Selection

Steps in Developing Predictive Model

- ▶ Exploratory Analysis
- ▶ Exploratory Analysis Including Missing Data
- ▶ Missing Data Models + Variable Selection
- ▶ Presenting Results

Steps in Developing Predictive Model

- ▶ Exploratory Analysis
- ▶ Exploratory Analysis Including Missing Data
- ▶ Missing Data Models + Variable Selection
- ▶ Presenting Results
- ▶ Goodness of Fit: Calibration and Discrimination
